Express satellite 3: 12.30 - 13.00

Title: Pfizer's SMART Hub: The value in digital communication

Speaker: Georgina James: Hospital Channel Lead, Pfizer Ltd

Pfizer's new SMART HUB is a digital solution which delivers on pharmacist's information needs 24/7 and has been developed in collaboration with pharmacists from across the UK.

This new approach in digital communication focuses on three most important areas: **Stock, Medicines and Training.**

This is a practical session that will explore the SMART HUBs capability, signpost proposed training modules available to you and your department and demonstrate the HUBs major stock reporting feature. Your input on the day will help shape future iterations of this new resource and you will have the opportunity to gain access to the platform from launch.

Round table discussion 1 (invitation only): 12.30 - 13.25 (lunch served in the room) Topic and speaker to be confirmed. Sponsored by Amgen Ltd.
