

NEWS OF IMPORTANT PARTNERSHIP

Pharmacy Management (PM) and the University of Bradford School of Pharmacy and Medical Sciences have signed an agreement to become Partners in the Accreditation and Development of educational training courses for Pharmacists in all sectors of the NHS.

The agreement will initially focus on progressing current Pharmacy Management plans for upskilling Pharmacists and Pharmacy Technicians via Conferences, Workshops, Management Skills Training and Journals.

Chief Operating Officer of PM, Graham Brack, stated:-

“We are delighted to have formed this long-term Partnership with a leading School of Pharmacy and Medical Sciences which will further ensure that all our work continues to meet the highest educational standards.

At this time of great opportunity for pharmacy, we also anticipate developing our relationship with the University of Bradford to provide some new and innovative learning events, that will help pharmacists and pharmacy technicians achieve their full potential in the modern NHS”.
